Dear Friends at the Grey Muzzle Organization:

When I began working at IndyHumane last month, I spent the first week immersed in the work of each area of the shelter on Michigan Road. What I've learned in my initial ten days on this campus is that every individual in every corner of our 16-acre facility is committed to the same cause – and every visitor gets world-class treatment. I've learned our resident pets get every chance at a healthy, happy life through comprehensive medical evaluation and any necessary behavioral care thanks to a team of incredible specialists. This team works together to ensure every dog, cat, kitten, and puppy can thrive in a new home while our adoption counselors make certain their new family is ready to offer the kind of wonderful home they deserve.

Thank you for your recent grant of \$5661.00, received on July 6th, 2017, and designated for the care of senior pets. You save the lives of animals and support the world-class care my colleagues deliver all day, every day.

Sincerely,

Steven Stolen
